PROFILE

To pursue a challenging career and be a part of progressive organization that gives a scope to enhance my knowledge and utilizing my skills towards the growth of the organization.

PROJECT

Project - 1

Blood Bank Management System

- Developed and deployed a comprehensive student result management system to efficiently handle data entry, analysis and reporting tasks.
- Utilized HTML and CSS for a user-friendly and responsive interface.
- Managed the SQL database for efficient data storage and retrieval.

Project - 2

A Machine Vision Technique For Grading Of Harvested Mangoes Based On Maturity And Quality

- Develop a machine vision system to automate the grading process of harvested mangoes based on their maturity level and quality attributes.
- The project aims to enhance efficiency, reduce labor costs, minimize post-harvest losses, improve product quality, and ensure consistency in mango grading, benefiting both producers and consumers in the mango industry.
- Developed by MATLAB.

SOFT SKILLS

- Communication: Effective communication to facilitate collaboration and understanding.
- Teamwork: Strong team player with a history of successful group contributions.
- Adaptability: Quick to adjust and thrive in changing environments.
- Problem-Solving: Proactive in identifying and resolving complex issues.

CERTIFICATIONS
